AFFIDAVIT OF MAYOR HARRY
GRUBHAM IN SUPPORT OF THE
WATER ADJUDICATION CLAIM OF
THE CITY OF ST. MARIES FOR THE
ST. JOE RIVER AT RIVERDALE)
_____)

STATE OF IDAHO)
County of Benewah) ss.

The undersigned, being duly sworn upon oath, deposes and states as follows:

1. My name is Harry Grubham.
2. I am the elected mayor for the City of St. Maries, Benewah County, Idaho.
3. I have reviewed the following excerpts from the minutes of the St. Maries City Council: August 3, 1964; September 8, 1964; February 1, 1965; February 6, 1967; March 20, 1967; February 5, 1968. True and correct copies of these excerpts from the city minutes are attached hereto.
4. In summary, these excerpts from the city minutes establish a record of the decisions made by the St. Maries City Council to develop an auxiliary water source on the St. Joe River at Riverdale, north east of the city limits, for additional water if the Rochat Creek water supply was not sufficient for municipal needs.
5. The pumphouse was built by the city and is still located there today.
6. This Affidavit is submitted on behalf of City of St. Maries, a municipal corporation of the County of Benewah, State of Idaho, in support of the City's water

adjudication claim for the St. Joe River at Riverdale filed with the Idaho Department of Water Resources in the above-entitled matter.

DATED this 10/24/17 day of October, 2017.

Mayor Harry Grubham

SUBSCRIBED and SWORN to before me this 24 day of October, 2017.

MINUTES OF MEETING AUGUST 3, 1964

There being present the following:

Mayor - Otto Holstein
 Councilmen - Krieg, Camm, Briscoe, Biersdorff, Lowe
 Clerk R. Martin
 Treasurer - J. Cochran
 Attorney - McFadden

Minutes of Meeting of July 6, 1964 read and approved.

Treasurer's report for Month of July, 1964 read and approved.

Ray Bowen explained to the council the coverage of a liability insurance program and presented a comprehensive list of city owned property which should be covered. Approximate cost: \$747.00. No action to be taken until 1965 budget is set.

Fred Seifert requested that city vacate that portion of First Street east of lots 5 & 6, block 2, N.W. Townsite -1st addition, between Dakota and Mill. Property he occupies is owned by Mrs. Dave Gult. Members of council agreed to investigate and give Mr. Seifert a decision at a later date.

Tom Watkins stated that the area in the vicinity of J Lane is unsanitary for the residents because of the numerous outside lavatories and cesspools. During wet weather the absorption is not sufficient and cesspool flow is sometimes above ground. He urged that the city take action before winter. Mr. Holstein informed him that sewage lines for that area is slated as the next city project.

Mayor Holstein asked the council what action should be taken in regard to water main break caused by Max Kuney Construction Co. Council decided to send Kuney Co. a bill for all costs. Mr. Torchie stated that he would work up a list of labor and materials.

Due to the above disaster the council discussed the possibility of similar breaks which may take place in the future and what means should be provided for continuous water delivery. River water being fit to ~~####~~ drink up the St. Joe it was thought that the installation of an auxiliary 8" water pump would solve the problem. Available Civil Defense pumps may be the best source to save money but other supply merchants will be contacted.

Further discussion on St. Maries Plywood sewer system indicated that the property is within the city limits and that previous owners had been paying city taxes. The route for the sewer line from plant to city system may be able to be installed north of the dike and therefore shorten the distance and reduce costs approximately forty per cent. City will look for pump in Spokane. Mayor Holstein informed the group that there ~~is~~ a possibility that chemicals used to process plywood may enter the sewer system and counteract bacteria action. Art Van Hul has been contacted relative to the problem insisted that the officials of the plywood company furnish to the state sanitation department content of plant waste. City council agrees to disposal of domestic sewage at present but company must secure approval from state sanitation department for chemical disposal.

Mr. Torchie stated that the plumbing at the city swimming pool is in deplorable condition and may not last until the end of the current season. Chemicals have deteriorated the pipes and the city crew is constantly being employed to keep them in temporary repair.

Ray Nelson informed Mayor Holstein that he resigns as city Fire Chief and ambulance supervisor.

Motion by Krieg, seconded by Biersdorff that verbal resignation be accepted. All yea.

Mayor Holstein appointed Archie Sorenson as Fire Chief and ambulance supervisor.

Motion by Camm, seconded by Lowe that appointed of Archie Sorenson be accepted. All yea.

Vic Carr stated that a cage should be installed over the counter at swimming pool to prevent children from jumping over to private officials side. No comment.

The council discussed establishing new rates for sewer hookups which would be the same for all area of the city. Such a plan would not be placed into effect until after the termination of LID # 14 which is November 1, 1964. A new ordinance will be prepared in accordance with state laws which grant authority to cities to make such changes.

Ordinance read by attorney McFadden on storage of gas and fuel oil. Council instructed Mr. McFadden to use a capacity of 2,000 gallons.

Council refused to grant a lease to Fulton Cook for a boat ramp at the north end of ninth street fronting the St. Joe river.

Motion by Krieg, seconded by Carr that the bills for the month of July in the amount of \$9,260.32. All-yea.
