SUBJECT: AMENDED CLAIMS...

phone call (.) walk-in (X)

Came in to amend these two claims after Cindy Hodges from the S.O. measured his wells. She found that they didn't pump near what he had claimed and said if he amended his claims, he wouldn't be required to report in the measuring program. He elected to amend them both to .04 for Domestic and .04 for Stockwater, for a total of .08 cfs. This is what Cindy had indicated to him she had measured and will fall below the required amount for reporting...

Nature of Contact called responding to West ESPA Measurement

District billing

Substance of Communication:

He called and asked if Domestic Wells need to be measured and reported. I told him that normally if using less than 13,000 gpd that they may be exempt. We discussed his bill and it appears to be based on the above claims. The bill was sent out since the rates on the claims are more than 0.24 cfs. I suggested to Mr. Graves that he modify his claims to reduce the rate to something more reasonable. I calculated the rate based on info he provided and it appears rate is more nearly 0.04 cfs.
