Re: Snake River Basin Adjudication SRBA
Blaine County

Dear Mr. & Mrs. Ward:

We are returning your Notice of Claim to a Water Right filed for your property in Blaine County. We are also enclosing Receipt #C005874 in the amount of \$25.00, for the filing fees.

You are given the opportunity to withdraw this claim. Any water right developed from a groundwater source after March 25, 1963, for any use other than single family domestic use, is required to have an application for permit filed. We can find no record of a permit for this property. The claim you have presented conflicts with the Ground Water Statute at §42-230, Idaho Code, and Water Appropriation Rules and Regulations, paragraph 2,15.

I have enclosed an application for permit, with instructions for your use in this matter. We will be happy to proceed if you will return the completed form to:

Idaho Department of Water Resources
Adjudication Bureau
Statehouse Mail
Boise, Idaho 83720
(208) 327-7900

Should you wish to pursue before the court the exact water right you have presented on this claim, simply return the claim form to this office. The claim form should be delivered to our office or postmarked by December 7, 1989, otherwise we will assume you wish to withdraw the claim. If you do not wish to file your Notice of Claim, please complete the enclosed Request For Withdrawal Of Claim and return it to the address shown. Your request for refund will be processed as quickly as possible.

Another alternative would be to submit two claims, one for each dwelling, if the uses began at different time. A second form is enclosed for this possible purpose.

If you have any further questions or require further help, please do not hesitate to contact this office.

RE: Snake River Basin Adjudication (SRBA)
Blaine County - #A37-13408

Dear Mr. and Mrs. Ward,

In the last two years I have you coming and going with this water right business. At the outset, I want to thank you for your persistence and patience.

In response to the Commencement Notice mailed to you in 1988, you filed a claim to a water right describing your water use. In November, 1989, I informed you the described water use was in violation of a statute existing at that time, and an alternative process existed to gain a valid water right. In December, 1989, you filed an application for permit to exercise the alternative method. In 1990 the statute was amended to include as valid your water use you described the first time. You have responded leaving good questions of, "Where am I?" and "What do I do now?"

Let me capsule your two filings:

	<u>Claim</u>	<u>Permit</u>
Priority	1974	1989
Uses	2 homes, yard	Same essentially
Amt. water	.02 cfs	.08 cfs
(.02 cfs = 9 gallons per minute)		
Filing Fee	\$25	\$30
(non-refundable)		
Exam Fee	None	Maybe \$50
Confirm by	Court - Decree	IDWR - License
Number	A37-13408	37-08586

The most glaring factor is the date of priority, or the date from which the water right originates. Pursuing the claim could confirm your water right dates from 1974. Following the permit process will gain nothing better than 1989. For the amount of water, you could amend your Claim to have this factor investigated under the same criteria as it is under the permit.

Otherwise, cost becomes a factor. Your claim will be investigated, but the priority date appears reasonably acceptable, raising the possibility the water right may be

eventually decreed and confirmed by the court as you claimed it. Some level of risk exists before the decree that extra costs of litigating your claim could occur. For the permit to continue toward a water right license that is the confirming process by this agency, you must submit Proof of Beneficial Use by May 1, 1991, as set out in Mrs. Fleck's letter dated February 28, 1991. If you submit Proof with a diversion rate of .05 to .08 cfs, \$50 must accompany your proof.

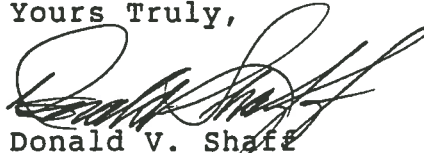

For the water use you have, you presumably have only one water right. (I must hedge since under the claim the water right has not been investigated yet.) You need only one "piece of paper" to describe your water right. By a statutory whipsaw, we have two pieces for you.

You thus have some options:

- 1) You could withdraw the claim again, get a refund and go with the permit and its requirements. In the short term, one of those requirements is submitting Proof and paying any required fee.
- 2) You could go with the claim, letting the permit lapse and fall by the wayside.
- 3) You could play both sides, letting the claim stand and follow the permit process covering the water use in the interim with the permit and following the litigation course with the adjudication to have the water right presumably bettered by the decree of the court.

By now you may have questions. Please feel free to call me if you do. For now the claim will be processed in the normal manner. A copy for your records is enclosed to verify the processing. I have also enclosed your receipt.

PROOF DUE NOTICE

RE: PERMIT NO. 37-08586

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before May 1, 1991. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Rita Fleck
Secretary/Records Manager
