Re: Points of Diversion and Places of Use for Notice of Claim Numbers 95-15258, 95-15259 & 95-15261

Dear Mr. Long:

Per our phone conversation of Friday, January 19, 2018, enclosed are copies of the three claims that you filed for the water uses on your property, along with the maps you submitted. Also enclosed is a map we completed showing the water sources (diversions) and where the water usage is occurring. Your property is outlined in blue and each claim is represented by a different colored sticker.

Please review this information for accuracy and advise me if the water sources accurately represent the way the water is being used. I can be reached at (208) 762-2802 or the information may be returned to my attention at the address listed above. I would appreciate it if you would return this information by February 9, 2018.

Sincerely,

Linda A. Werner
Water Resource Agent, Sr.
