TO _Right No. _95-15469, 95-16302, 95-16316_

FROM _Dawn Lenon_____

DATE _2/9/2018_____

RE _CHANGE OF OWNERSHIP_____

I had sent a change of ownership letter and form for the above water rights to Marilyn McCormick on 2/7/18. Marilyn called me today, 2/9/18, and informed me that WR# 95-15469 on parcel # RP45N04W137801A should be under Marilyn Barker hence that is her married name. The original claim is already under Barker so no change needed. ArcMap shows it under McCormick but that was her name before she got married.

For WR# 95-16302 and 95-16316, she informed me she does NOT own that parcel of land even though ArcMap shows she does. She said those are to stay under Lavonne R Hampton. I told her our mapping system is updated by the Assessor's office and she needs to call them and get them to straighten it out. The Benewah county map shows parcel #RP45N04W131060A, the 29 acre parcel as 1.3 acres and parcel # RP45N04W137901A, the 1.3 acre parcel as 29 acres.

So No changes are going to be made to any of the above water rights.
