1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

"uses for water" is incomplete. We maintain this spring with its joined reservoir and pond as a draftable fire-fighting source, available to IDWR Department vehicles, while also using the water for wild-life and for stock watering.

2. Describe the changes you wish to make in the proposed recommendation:

add fire-fighting water storage to uses for the water

3. Give a brief explanation as to why you disagree with these portions:

Portion is incomplete, not incorrect.

☐ I AGREE with this proposed recommendation: no changes need to be made.
