RE: Coeur D'Alene-Spokane River Basin Adjudication (CSRBA) Water Right No(s). 95-16967

Dear Fred,

In response to your noting the lot designation on your water right as an "error", this is part of the Public Land Survey (PLS) legal description, and is known as a Government Lot. Government Lots are typically irregularly shaped acres of land that were identified when the land was originally surveyed. Having the Government Lot listed on the water right will be helpful in the future for identifying where within the surveyed section of land your water right and property is located.

Your subdivision lot information further describes where your property is located within the PLS legal description, and has been added to the Explanatory Material on the enclosed revised preliminary recommendation.

Any further questions regarding your recommendation, please feel free to contact us.

Sincerely,

A handwritten signature in blue ink that reads "Lori Harris". The signature is written in a cursive, flowing style.

Lori Harris
