Subject: Amended Claim 95-16115

Dear Mr. Smith:

Attached is a draft amended claim for 95-16115 changing the period of use for the domestic water use to 1/1 to 12/31 (year around). I also changed the diversion rate for just the domestic use from 0.02 cfs to 0.04 cfs.

You can print out the attached claim, sign it, and mail all three pages of the signed claim to either our Northern Region office in Coeur d'Alene, or the State Office in Boise. The addresses of both offices are shown below.

However, if you prefer, I will mail you a paper copy of the claim for you to sign and return. Thank you for following up with this.
