1. We do not agree that the proposal for beneficial use is to be disallowed.
- 2 & 3. Historical use should be recommended as the attached document from the Kootenai County Assessor's office shows a building classified as C-4 was assessed in 1965. Past information provided with the initial application claim states a cabin was in place with a river water pump observed in the late 1950's. We believe this document confirms our statement that a C-4 building was in place prior to 1965; and a river water pump was in place to provide irrigation, fire protection and domestic use.

We purchased the property in 1992 with an existing house. At that time the only water source for everything was from the river. There is no evidence that there was any other water source.
