Recommended as Right No. 95-12845: This is included for a claim that is proposed to be disallowed because the right claimed is recommended pursuant to another right. Regarding the establishment of irrigation surface water use at 2533 S. Wolf Lodge Creek (AIN#111868), I attest to direct personal knowledge dating from 1954 as to the existence of surface water use from Wolf Lodge Creek to irrigate 1.0 acres on this parcel. I began dating and later married Clarence Chartrand's (the previous owner from 1949) daughter Carolyn, and spent time helping Mr. Chartrand with work on the property. I clearly recall discussing his installation of the surface water pump in Wolf Lodge Creek in 1951 when he also built a cabin on the property.
