- SUBJECT:**
- a. Amend claims A63-03487 & A63-07025 to show both wells are used as backups & what proof is needed to submit for date of change.
 - b. Also claims A63-03445 & A63-08088 need proof of date of change as above. Claims already showed both wells, no need to amend.
1. Roger came in today to find out more of what needed to be done on the above claims.
 2. Roger gave me the go ahead to make temporary claim files to amend A63-03487 & A63-07025 to show 2 wells. When I complete that, I can call him and he will get the appropriate person to sign the amended claims.
 3. After this is done I will schedule a field exam to verify this change. He said the change was before 1987, so proof of the date of change will need to be shown on all four rights for recommendation in the SRBA.
 4. We also discussed that additional volume occurs with the addition of new space for inmates need to be covered as future expansion continues. This will need to be addressed by filing new application(s) per system. I told Roger that I would look at the amounts covered and give him a total now covered under the current rights. Then, he could relay that information back to the Dept of Corrections for a new application to cover the additional volume and/or CFS.
 5. We also discussed the dairy use. This appears to be an expansion of license A63-03487. However, it appears to be an exempt use under 42-111a.

SUBJECT: Well's used as back-up's

1. The first situation was that wells 2 & 5 are hooked up as so they are back-up wells for each other. Evidence needs to be shown to support the date of change. The claim's don't need to be amended however, because it was claimed that way. Claims (A63-03445 & A63-08088)
2. The second situation is the same for wells 3 & 4. Evidence needs to be shown to support the date of change. But, both of the claims need to be amended to show both P/D's. Also, well # 3 claimed stock as a use, we cannot add this to the license, but they might be able to claim it as a beneficial use or use a domestic exclusion. Claims (A63-3487 & A63-07025)
3. Well 1, had stockwater use on the License, but not listed on SRBA claim. Claim (A63-03271)
4. He will come in tomorrow, Friday the 15th of September, with some evidence for the date the systems were used as back-ups.
5. Claims will need to be amended by authorized signature "T" file's can be made and mailed back.
