Source : Ground Water

I request that my allocation of water rights be changed.

Currently, you designate my water usage at not more than 13,000 gallons per day for household use.

I would like you to please note that I live on a total of ~ 21 acres of land that is comprised of agricultural (both hay fields and large orchard) and timber plans.

My orchard is comprised of over 100 fruit trees and my hay fields comprise about 10 acres.

I feel I would like my allocation of water rights to be compatible with commercial use of these lands.

Thank you,

Richard Gerhard
