1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

We disagree with the section titled (Place of use) Irrigation Kootenai County. You state 1.60 acres & we have always stated 4 acres on our Water Filings.

2. Describe the changes you wish to make in the proposed recommendation:

Our Filings have always stated 4 acres irrigated. On previous Filings under Earl & Virginia Hanks also states 4 acres. They are my parents & am enclosing a statement from her as to what the water was used for beside domestic usage.

3. Give a brief explanation as to why you disagree with these portions:

In your reduction from 4 acres to 1.60 acres for Domestic & Irrigation purpose. is historically & currently inaccurate. We wish to keep it as the 4 acres that we filed as such.

☐ I AGREE with this proposed recommendation: no changes need to be made.

To Whom it may Concern:

I was a previous owner of the property located on 10176 N. Meyer Road Rathdrum, Id 83858. My husband and I filed for water rights on this property in 1979. The well was used for irrigation and domestic purposes.

The above named property was sold to Ryan and Donna Hassan in 2001. I can attest that the well water is still used for irrigating this property as well as domestic usage.
