1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

Name and Address, Quantity, Purpose and Period of Use.

2. Describe the change you wish to make in the proposed recommendation:

Change Telephone number as shown above, add Margaret Meredith as shown above, 0.056 cfs, 36,000 gallons per day

3. Give a brief explanation as to why you disagree with these portions:

Actual pump output is 25 gpm (0.056 cfs). Parcel is 5 acres with substantial lawn, garden, and orchard plan. The limit of 13,000 gallons for a single home is inadequate given the property size and use.

☐ I AGREE with this proposed recommendation: no changes need to be made.
