1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

Quantity, Explanatory Material

2. Describe the change you wish to make in the proposed recommendation:

32,000 gallons per day, Parcel No. 0-08639-001-0012-A

3. Give a brief explanation as to why you disagree with these portions:

Parcel is 5 acres with substantial lawn and garden. The limit of 13,000 gallons for a single home is inadequate given the property size and use.
