Ted,

On January 7th you sent an e-mail to Jan regarding 63-3398 and had a couple of questions. After she looked at this right she found that there were issues with all of the rights relative to Transfer 71407 that the recommendations were made from. Below are the changes we have made to these recommendations. Any questions, please let me know.

Subject: Partial Decree Hold

Hi Diana,

I received a question from SM Booth concerning 63-3398 and 63-8310 that led me to a transfer on two other connected rights ready to be partially decreed on April 3rd. It opened them up to some errors I found in putting the transfer conditions on these rights. Would you hold out the two numbers above along with 63-8704 and 63-9128. I will work on fixing these condition errors as soon as I get through a few more.

If you have a problem with this please let me know.

Thanks,
Jan

Jan,

Two questions: (1) is the AFY limit correct? – the limit would allow the well to be operated a cumulative total of 25 days out of a year. (2) There is a remark listing additional POD's – Shouldn't these POD's be listed under the POD section rather than (or in addition to) in a remark?
