1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):
Disagree with map showing place of use. 95-8116 and 95-8118 are limited to a total of 10 acres, but that area should be divided up as shown on the revised map, attached.
2. Describe the changes you wish to make in the proposed recommendation:
Place of use for this right should include only the 4.5 acre region as shown in the revised map, attached.
3. Give a brief explanation as to why you disagree with these portions:
The map for Adjudication Recommendation is not consistent with the intended or practical use of this water right.

☐ I AGREE with this proposed recommendation: no changes need to be made.
