Re: Water Right #95-9537

Dear Sir/Madam:

Enclosed please find a copy of the IDWR Preliminary Recommendation for Water Right 95-9537. I am Mr. Arestad's attorney.

We have reviewed the Recommendation and agree with the same as to Area, Point of Diversion and Quantity, etc.

I have on two occasions talked to local IDWR agents here in Coeur d'Alene and have been advised that the "Explanatory Material" is not included in the final Recommendation but my client is concerned about removing the "conditions" set forth. I have been told that these matters must have arisen some time ago when there was a transfer (No. 71783) or division prior to my client's ownership of the property. I don't have in my possession any record of the prior transfer noted in the Recommendation and ask that IDWR supply further information so that my client can have removed those "conditions" set forth in the Recommendation.

Thank you in advance for your assistance in resolving these issues.

Very truly yours,

Kenneth T. Jacobsen
