1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

and Requirements set forth in Id department of water Resources & disagree with as presented in document I recieved. you have on file in your office letters by Madline Jewett and Bill Widgren. The letters by Madline Jewett dates back to 1940 in which the water from the Careywood Creek was used for Domestic, Stockwater and Irrigation, as we around the house & field as well as a mill operation on the Preamble the water was used for washing the Logs before milling them. Bill's letter refers to Irrigation of the fields which I have been as well as fire protection doing since 1967 as needed.

3. Give a brief explanation as to why you disagree with these portions:

I disagree with the amount of water and usage of said water as Irrigation is not included. I have asked my son Stephen to represent me.

I AGREE with this proposed recommendation: no changes need to be made. in Regard to these documents.
