RE: Notice of Error Reply for Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim No. 95-9201

Dear Mr. Jacobsen:

The Idaho Department of Water Resources has reviewed the Notice of Error Reply for the above referenced water right claim. We are unable to make the requested changes to the water right claim recommendation for the following reasons.

The Notice of Claim to a Water Right identified with the number shown above was filed on the basis of a previously issued water right license. Proof of beneficial use for this license was submitted on October 29, 2007, and the license was issued July 1<sup>st</sup>, 2008. This license was issued for the use of one point of diversion (well) in the NW¼SE¼ Sec. 9, Twp 49N, Rge 04W. Although Mr. Arestad filed a claim for two points of diversion, the claim must be recommended as originally licensed. If your client wishes to add the additional point of diversion to this water right, it must be accomplished through the submission of a water right transfer (Idaho Code § 42-222).

For additional information about the transfer process, please see our website at <https://idwr.idaho.gov/water-rights/transfers/>. If you have any questions, feel free to contact our staff at the Northern Regional Office during business hours at 208-762-2800.

Sincerely,
