Hi, Linda. Thank you for the speedy and thorough response and I apologize for my lack of promptness in return. I've been traveling non-stop (work, not pleasure, unfortunately) and am finally getting a chance to look over the documents mailed to my home on 2959 E Hayden Lake Road as well as your email. I believe I have provided the necessary documents in this email and mailed the originals today. It appears these are due no later than tomorrow, hence the need for email rather than snail mail.

Please let me know if I need to do anything further, or if I goofed up in any way.

Kind regards,

Mark Lazar

Subject: Notice of Claim to a Water Right 95-120

Hi Mark,

In regard to our phone conversation today, enclosed is an ownership change form for water right 95-120. I am also enclosing a handout entitled "Northern Idaho Adjudications" which will give you some information as to what this adjudication is all about.

To complete the ownership change, please complete items 1, 2, 3, 5, 7 and 8 on the change form. The conveyance document should be a copy of the recorded, notarized deed and should also include the legal description. This can usually be found on the face of the deed or as an attachment. If you have a plat map to send along that will be helpful in ensuring that we have the correct parcel.

There is no fee required as this is a pending adjudication claim.

I believe we sent along a copy of water right 95-120 with the Notice of Error packet but if you need one, it can be downloaded from our web site at www.idwr.idaho.gov, water rights then water rights search; or give me a call or email and I'll be happy to send one.

The change of ownership information and notice of error form may be sent to me at the address below.

Thank you.

Linda Werner
