RE: Notice of Error Reply for Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim No. 95-4408

Dear Claimants,

The Idaho Department of Water Resources has reviewed the Notice of Error Reply for the above referenced water right claim. We are unable to make the requested changes to the water right claim recommendation for the following reasons.

The Notice of Claim to a Water Right identified with the number shown above was submitted for the use of groundwater for domestic purposes and the irrigation of 4 acres with a claimed priority date of 1905. While the affidavits previously submitted to the department prove the domestic use of this water source, sufficient evidence of beneficial use was not submitted with the claim to prove the extent of the irrigation use. The statutory water right claim that your current claim is based upon is insufficient to serve as evidence of beneficial use as it was never proved up on, nor was a field examination ever performed on the property. We will move forward with the recommendation of your CSRBA Water Right claim once provided sufficient evidence to verify the continuous beneficial use of this water source for irrigation purposes within the claimed place of use beginning on or before the priority date claimed. Please submit the required evidence within 30 days, referencing all documents with the corresponding claim number.

If you have any questions, please contact our adjudication staff at the Northern Regional Office during business hours at 208-762-2800.

Sincerely,

A handwritten signature in black ink, appearing to read 'Evan W. Roda'.
