Notice of Error WR No. 95-8342

1. Describe the portion of the proposed recommendation with which you disagree.

The notice indicates under PLACE OF USE IRRIGATION in Kootenai County - 1.2 acres in the NESE of Sec 31, T52N R4W.

2. Describe the changes you wish in the proposed recommendation:

The place of use of the Irrigation should be changed to read 1.2 acres in the NESE of Sec 31, T52N R4W and 2.8 acres in the SENE of Sec 31, T52N R4W for a total of 3.0 acres.

3. Give a brief explanation as to why you disagree with these portions:

The original application requested 3.0 acres for Irrigation associated with the properties we own at this location. We own a tract of land in both the NESE and SENE of Sec 31 which are adjacent parcels. The south one has a meeting house located on it. The north parcel is vacant and adjacent to the south property and our plans are to expand parking and/or landscape area into the north parcel and we will need to have the entire 3.0 acres of irrigated land to do so. One of the filings found on the Departments Website indicates 3.0 acres of use while the others reduced it to 1.2 acres. We wish to have the original 3.0 acres restored.
