RE: Notice of Change of Water Right Ownership (NCO) for 22-662A & 22-2172A and Notice of Completed Administrative Proceeding (NCAP)

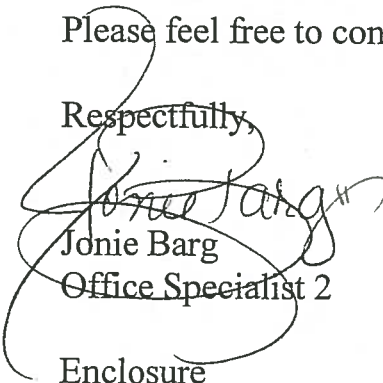

Dear Sir/Madam:

On June 7, 2007 the Idaho Department of Water Resources (IDWR) received an NCO changing the right holder for the above referenced water right(s). Based on this NCO, IDWR water right records for the Snake River Basin Adjudication (SRBA) have been updated.

Furthermore, as directed by the SRBA Court, this office mailed a copy of the updated water right record(s) to each party listed on the enclosed NCAP. The intent of this mailing is to ensure each party has a current record of water right(s) as recorded in the SRBA.

Please feel free to contact me if you have any questions concerning this matter.

Respectfully,

Jonie Barg

AGREEMENT

THIS AGREEMENT MADE this 12th day of January, 1963, by and between RULAND E. WARD and ESTELLE WARD, his wife of Rexburg, Idaho, first parties, and ALFRED T. RICKS, JR., of Sugar City, Idaho, second party, WITNESSETH:

WHEREAS first parties are the owners of the NW $\frac{1}{4}$ and SW $\frac{1}{4}$ of Section 1, Township 6 North, Range 44 East, Boise Meridian in Teton County, Idaho, and second party is the owner of the SW $\frac{1}{4}$ of Section 36, Township 7 North, Range 44 East, Boise Meridian, in Teton County, Idaho, which immediately adjoins the ward property on the north across the road, and

WHEREAS, first parties have made application to the Department of Reclamation of the State of Idaho to divert 3.0 cfs of the waters of an unnamed slough, tributary to Badger Creek, in accordance with the terms and conditions of Permit No. 30364, and

WHEREAS, Proof of Completion of Works by first parties is to be made January 15, 1963, and

WHEREAS, the water from said slough flows through a culvert underneath the road dividing the above described property, and forms a pond on the property of the second party; that the waters of said pond have been used by second party and his predecessors in interest for more than fifty years for the purpose of stock watering, and it is necessary that such waters continue to be used for that purpose,

NOW, THEREFORE, in consideration of the mutual promises and agreements herein contained, the parties hereto agree that at all times when water is available in said slough for said pond the second party shall have the prior right thereto for the purpose of watering livestock. First parties agree that they will not at any time pump the water from such slough and pond or drain the same so that there will not be sufficient water for that purpose.

However, in the event of an emergency and in order to save the crops of the first parties, it becomes necessary to use such water not to exceed the period of one week, the first parties may pump from said slough and drain said pond. In that event second party agrees to move his livestock to another pasture where water is available and if he is unable to find another pasture where water is available, first parties agree to provide a place on their property where water is available for such livestock, at no cost to second party.

Second party agrees that in the event it becomes necessary he will lower the culvert between the two properties as above described.

The parties hereto agree that they will at all times cooperate with each other in the most advantageous use and distribution of said water for the benefit of each other.

Second party agrees that he will not contest the application of first parties for the beneficial use of said water as above described.

This agreement is binding upon the parties hereto as well as their respective heirs, administrators and assigns.
