CLERK OF DISTRICT COURT

This matter came on for trial this date before the
Court without a jury, on application by plaintiffs for a judgment
and decree. Plaintiffs appeared by Verle C. Jardine, who was
sworn and testified, and by counsel, Gordon S. Thatcher of Rigby
& Thatcher, and defendants and none of them appeared in person
or by counsel. The court heard the evidence and made and entered
findings of fact and conclusions of law, and on the basis thereof,

IT IS HEREBY ORDERED, ADJUDGED AND DECREED as follows:

1. This is a summary supplemental adjudication of
water rights, pursuant to Idaho Code Sec. 42-1405, and made appli-
cable to ground water rights, by Idaho Code Sec. 42-2371 (supp.).
Plaintiffs, Verle C. Jardine and Nancy Jardine, husband and wife,
are hereby decreed the right to 2.67 cubic feet per second of
ground water, from a well located on the property hereafter des-
cribed, with priority date of June 15, 1960, for the irrigation of

2. Said water right, is as to ground waters obtained by virtue of a well, and is supplemental to a decreed water right to 160 miner's inches of the waters of South Leigh Creek with priority date of June 1, 1898. The adjudicated water right from South Leigh Creek was and is inadequate to irrigate the premises, since the land is rough and difficult to irrigate by flood irrigation, and since no water has been available, generally, after the first week in July of each year, and accordingly the ground waters decreed herein are necessary to fully and adequately irrigate the lands of plaintiffs, in order to raise agricultural crops thereon.

3. The ground waters have been appropriated, and are used and utilized by system fully described in the findings of fact entered herein.

4. The administration of said ground water rights shall be in accordance with the priority heretofore provided, based upon the administration of other similar ground water rights.

Decreed this 8 day of January, 1968.
