SUBJECT: Notice of Error Reply on Notice of Claim to a Water Right Number 95-14826

Dear Mr. or Ms. Milligan:

The Idaho Department of Water Resources has reviewed the Notice of Error Reply for the above referenced water right claim. We are unable to make the requested change to the water right for the following reasons:

There was no evidence of irrigation within the claimed place of use. Also, the place of use mapped out by claimant(s) and submitted with the claim is approximately ½ acre. This amount is included in the domestic usage recommended for this claim.

I am enclosing an application for permit, with instructions, which may be used to appropriate a water right for any new uses over and above the domestic use. I've also enclosed a brochure on water rights and the Northern Idaho Adjudications, for your information.

Please feel free to contact me if you have any questions. I can be reached at (208) 762-2800. Also, any information relative to this claim file may be viewed at www.idwr.idaho.gov.

Sincerely,

Linda A. Werner
Water Resource Agent, Sr.
