

MEMO TO FILE FOR CSRBA WATER RIGHT CLAIM NOS. 95-8743 & 95-8807

May 17, 2018

By: Evan Roda

I spoke over the phone with the president of Poor Boys Water Association, Don L. Bitton Jr., and he further explained the map and updated address information received by IDWR on May 4, 2018. Mr. Bitton notified me that only three tax parcels are still served water by the Poor Boys Water Association. The three owners of those parcels share ownership of the water association. Don Bitton L. Bitton Jr. serves as president and Bruce Oliver serving as secretary/treasurer.

The remaining parcels served by Poor Boys Water Association are as follows:

P705025056AA – Michael Fizzolio

0636025056AB – Bruce Oliver

0636025057AB – Don L. Bitton Jr.

These three parcels served are shown on the place of use map submitted by the claimant May 4, 2018. I advised Mr. Bitton that we would update our records accordingly and that the change would result in a reduction of the recommended acreage as well as a reduced diversion rate/volume for the water rights. He agreed that was appropriate.
