#1 Affidavit

Water from run off to large Pond has
been used for irrigation for as long as
I can remember, back to the 1970's,

Landowner - Marlene M. Roberts

RECEIVED

5/4/18 DWR/NORTH

Affidavit

I George Lawrence, removed old rusted pipe traveling down the MTN Towards, current use, And the pipe then traveled east down the mtn to where the elevation became flat. To the best of my knowledge & based on easement recordings this water source was used as far back as 1902.
