Dear Mr. Stubbs,

Just a note to let you know that I have completed the recommendation of the claim (domestic/stockwater use from springs) by changing the location of the spring to the location we discussed while you were in my office on 5/21/18. While doing so, I remembered that you had mentioned there were two springs, so I reviewed the claim, and noted that Mr. Hooker also claimed 2 springs.

Since you indicated that the springs were close together, I added a second spring, near the first spring, so the water right now shows two springs as point of diversion.

Enclosed is a copy of the preliminary recommendation plus map showing the spring locations and place of use. Please let me know if this is incorrect.

You can expect the decreed right to be mailed to you in about 7 months.

This information can also be viewed on our website at www.idwr.idaho.gov.

Thank you,

*Linda Werner
