Dear Claimant in the Snake River Basin Adjudication (SRBA):

You or the predecessor in interest of your property filed a "Notice of Claim to a Water Right in the Snake River Basin Adjudication" with the Idaho Department of Water Resources. Claim filing began in 1988, and since that time IDWR has worked to complete recommendations throughout the state. Now the investigation of "Irrigation and Other State Based Claims" is about to begin in the area where your claim(s) were filed, IDWR's administrative Basin 37. As shown in the enclosed map, this basin includes parts of Blaine, Camas, Elmore, Gooding and Lincoln counties and is subdivided into 3 parts.

If your claims are located in Basin 37 Part 2 or Part 3*, you are invited to attend a public meeting at one of the locations below on **Wednesday, September 22, 2004:**

10:00 am
Liberty Theater
116 N. Main St.
Hailey, Idaho

or

2:30 pm
Camas County Senior Citizens Center
7129 W Willow
Fairfield, ID

* Similar informational meetings were held in Basin 37 Part 1 over the last couple of years.

The purposes of this general informational meeting are to provide an update on how the adjudication process works; introduce IDWR staff that will be working in your area; and to give you the opportunity to express concerns or discuss problems relating to water delivery in your area. This will help us understand, from an historical perspective, the use and delivery of your water right.

IDWR adjudication staff will be investigating your claims beginning this year with additional field work next season. We request your cooperation in this process - the better we understand your water rights, the more accurate our recommendation will be to the SRBA Court.

Please contact our toll-free number, 1-800-451-4129, if you have any questions.

Sincerely,

Douglas Jones, P.E.
Supervisor

Adjudication claims A37-02639B and A37-02639G do not have a matching water right based upon an existing transfer. They are considered to be claimed against the base right, or that portion of the original right identified as unchanged. This transfer proposes to split A37-02639G which is claimed against the base water right 37-02639E. As the adjudication claims stand, the total of all claims do not exceed the original decreed right. At this point I do not see any adjudication conflicts regarding this transfer.

RE: Snake River Basin Adjudication SRBA
Claim #A37-00687 - Blaine County

Dear Mr. Speck:

As you requested, I am forwarding to you a copy of the above referenced claim which has been processed by the Department.

As we discussed in regard to the claim filed by Mr. Crist in the name of Bradford Polo Subdivision, that claim was returned to Mr. Crist for corrections and proper fee. If that claim is resubmitted, since the extended deadline of March 6, 1989, was not met, a late fee will apply unless an extension of time request is approved. I have enclosed an extension of time request form for your possible use in this matter.

As you will recall from our conversation, there are several problems with the claim which is based on License #37-02639. Specifically, the correct fee is \$50 (irrigated lands paid under Claim #A37-00687); and, a power of attorney needs to be attached.

In regard to the fire protection listed on that claim, if the purpose is actually emergency fire fighting/suppression, it does not constitute an expansion and would not, therefore, require a separate claim; however, please describe that use in Item 9.

Also enclosed is a copy of the Request For Extension Of Time form which was denied for Mr. Ralph Girton. I will hold that claim for 30 days awaiting receipt of the late fee of \$50.00. Please forward it to my attention. The claim will be returned and a refund of the fees paid under Receipt #C007056, will be started after 30 days unless the additional fees are paid.

If you need any additional information, please do not hesitate to contact me.

Mr. Speck called to find out the status of the above referenced claims. He stated that he was representing a client who was purchasing the property. After tracking down the claims, I gave him the following info:

A37-00687 had been processed. (I had to do the data entry; it has been returned with an add'l fee and just hadn't been data entered.

A37-02639 - this claim was returned to R.

Christ 2-7-89. However the cover letter returning the claim was in error. Mr. Speck

specifically stated that Mr. Christ had gotten the claim back, didn't understand the letter, so he just

put it aside and did not deal with it. Although the cover letter

didn't explain the problems appropriately, there were problems (inc. fees) which did require corrections.

Dear Jim:

Enclosed please find two Notices of Claims to a Water Right relative to Blocks 1 and 2 of the Broadford Polo Subdivision, which I have filed with the Idaho Department of Water Resources. One claim is for a well which is located on Lot 1, Block 1, of the subdivision, and a pipeline which runs the entire length of the subdivision. The other claim is for 100 inches of diversion rights from a slough of the Big Wood River which runs to the west of the subdivision.

As I mentioned to you, the Department of Water Resources returned to me the application pertaining to the well and pipeline, which application I have enclosed.

In view of the fact that your client is purchasing Blocks 1 and 2 of the subdivision, it is my assumption that you will pursue these claims on behalf of your client. Let me know if I am not correct in this understanding.

Enclosed, also, is a copy of the Water Right License pertaining to the diversion rights.

Very truly yours,

Roger E. Crist

RE: Snake River Basin Adjudication
Bradford Polo Subdivision

Dear Mr. Crist:

We are returning the Notice of Claim to a Water Right filed for your client's property in Blaine County and your check #3941 in the amount of \$25.00. We have noted some problems with this claim which we would like you to correct.

You are given the opportunity to withdraw this claim. Any water right developed from a groundwater source after 1963, for any use other than single family domestic use, is required to have an application for permit filed. This single family domestic use is defined by the use of less than 13,000 gallons per day and the irrigation of less than one-half acre of lawn and garden. We can find no record of a permit for this property. The claim you have presented conflicts with the Ground Water Statute at §42-230, Idaho Code, and Water Appropriation Rules and Regulations, paragraph 2,15.

I have enclosed an application for permit, with instructions for your use in this matter. If you will return the completed forms to the Department of Water Resources - Southern Region Office, 2148 Fourth Avenue East, Twin Falls, ID 83301, we will be happy to proceed.

Please return the documents to this office at my attention. If you will return them prior to March 6, 1989, you will not be assessed a late filing fee. Please do not hesitate to contact this office, or the office in Twin Falls, if you have any questions or concerns.
