Re: Three Notices of Claims to Domestic Water Rights

Dear Mr. Jones:

Enclosed please find three (3) completed and executed Notices of Claim to a Water Right Acquired Under State Law, submitted on behalf of our client Essential Oil Research Farm, LLC. We request that these claims be filed in the CSRBA. Attached to each Notice is a map showing the location of the associated ground water well(s) and the well-driller's report(s). We also enclose three separate checks in the amount of \$25.00 each, one for each Claim, to cover the filing fees.

The Notices have been executed by the claimant, and by William G. Myers of our firm, the attorney of record for other claims pending in the CSRBA for Essential Oil Research Farm, LLC. We are submitting concurrently with these Notices of Claim, a Notice of Change in Ownership, to correct the name of record for the other Claims (irrigation and commercial) pending in the CSRBA. We request that all of the water rights be decreed in the legal name of the owner, Essential Oil Research Farm, LLC, not the assumed name "Young Living Lavender Farm."

Please let me know if you have questions or if you require further information or documentation for the enclosed domestic Claims. Thank you for your consideration.

Very truly yours,

Linda B. Jones
