Mr. Merkeley:

Thank you for submitting the Notice of Error Reply for Claim/Water Right No. 95-9814. The recommendation can be modified to reflect the original water right; however, an amended claim is needed because as you noted in the Notice of Error Reply, the "Original Claim" (see attached) that was filed included accomplished changes in the Points of Diversion and Places of Use.

Please review the attached Draft Amended Claim for 95-9814. If it meets your requirements, please sign and return the claim to my attention by April 30, 2018. If it does not meet your requirements, please let me know what modifications are needed, and I will draft another amended claim for your review. Note: If the changes are minor, you can make them on the attached form and place your initials at each change made.

If you have any questions or need additional clarification, please contact me.

Sincerely,

Carter Fritschle
