RE: SRBA Water Right Claim 22-4128

6N39B

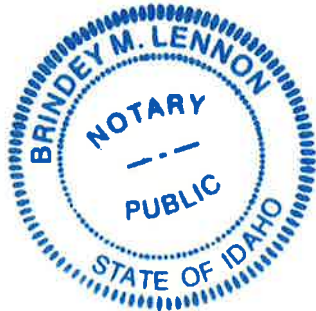

RAY W. RIGBY, being first duly sworn, deposes and says:

1. That he resides at 2131 North 3000 West, Rexburg, ID 83440; that he was born 3/4 mile North of there on April 16, 1923, and has lived at one of those two addresses all of his life, except for the time he spent in the Army Air Corps in 1944-1945, and while he attended college at the University of Idaho in Moscow, Idaho.
2. That he is a member of The Church of Jesus Christ of Latter-day Saints, and has served in many administrative capacities in the Hibbard Ward, which ward meeting house has been located at 2029 N. 3000 W., Rexburg, ID for over 100 years, during which time the said Meeting House housed one ward, but at the present time, said Meeting House houses four wards of said Church.
3. That your affiant, therefore, presently lives approximately 100 yards directly North of said Meeting House.
4. That said Meeting House consisted of a frame building until shortly after February 15, 1948, when said frame building was razed, and a new structure was commenced.
5. Said new structure was completed in the fall of 1949 and was dedicated by said Church on February 24, 1950.
6. That during the construction of said new Chapel, a water well was drilled and a pump, electrical motor, storage tank, switch panel, and all the incidental equipment necessary, including the distribution lines for domestic use of said water within the Chapel and the irrigation of the grounds surrounding the Chapel, were installed, and the use of the water commenced in the concluding days of the construction of the Chapel on or about June 15, 1949, and said system with the usual repairs over the years, has been continuously used for the purposes noted above from that date to the present time, and therefore the Priority Date of said water right was quite accurately determined when the claim was filed in the Snake River Basin Adjudication Case, which claimed the Priority Date of June 15, 1949.

7. That your affiant is an Attorney at Law and has participated in matters concerning water during his entire legal career and particularly in the Snake River Adjudication Case in a substantial way; and based on the requirements of the Law and Procedures in said case, together with the personal knowledge of your affiant, having served as a Counselor and as the Bishop and in various other callings in said Ward since that time, and even at the present time, verily believes that the Priority Date should be established in the Decree of the Court in this case as June 15, 1949.

RE: EVIDENCE OF PRIORITY FOR SRBA WATER RIGHT CLAIM 22-12656

Dear Claimant (s):

The Idaho Department of Water Resources is beginning water rights review in Basin 22, the Teton Valley area. The Notice(s) of Claim identified with the number shown above has been filed in the Snake River Basin Adjudication (SRBA). The Notice of Claim indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Claim. The date the water was first put to beneficial use, known as the priority date, has not been confirmed by License, Decree, or Permit. For this reason, proof must be provided supporting the priority date. **As the claimant, you are responsible for submitting the necessary proof to support the priority date.**

Your claim, as referenced above, claims a Priority Date of JUNE 15, 1949, from a WELL.

It is important that each element of the Notice of Claim be verified. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have provided a printout of your Notice of Claim and the pamphlet entitled "**Evidence of Priority**". The pamphlet describes the types of evidence which are acceptable and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents**
