SUBJECT: Notice of Error Reply on Notice of Claims (Claim) to a Water Right Number 95-8182 and 95-8741

Dear Mr. Stilkey:

In regard to the Notice of Error replies submitted on the claims listed above – the claims have been recommended for Court decree as follows:

95-8182

The well is located on parcel number 0510000D009A and serves six homes located at 245 N. Main St., 359 N. Main, 367 N. Main, 388 N. Seeley St., 394 N. Seeley and 398 N. Seeley. A total of 2 acres was recommended consisting of lawn/garden irrigation around these homes. This represents a change from 8 homes to 6 and 3 acres irrigation to 2. The respective water quantity is based on 0.6 AF/ home for in-house use and 3.5 AF/acre. Consequently, the total quantity for domestic usage is 3.6 AF and 7.0 AF for irrigation; for a total of 10.6 AF and 0.04 cfs (cubic feet/second). There is no change to the flow rate of 0.04 cfs.

95-8741

The well is located at 264 N. Seeley St. and serves 4 homes located at 334 N. Seeley, 298 N. Seeley, 264 N. Seeley and 273 N. Seeley. A total of 2 acres was recommended, which is not a change from the original license. Because there is a decrease of 2 homes, it affected the quantity. It has changed from 3.6 AF to 2.4 AF. Still based on 0.6 AF/home. The irrigation quantity did not change and the total volume is now 8.4 AF. There is no change to the flow rate of 0.04 cfs for irrigation and 0.07 cfs for domestic, for a total of 0.07 cfs.

I have enclosed a map outlining the entire system. The shapes inside the parcels represent the irrigated portions with the domestic usage located at the homes.

Please be sure to contact me if you have any questions or concerns. I can be reached at (208) 762-2802.

Sincerely,
