RE: Coeur d'Alene-Spokane River Basin Adjudication (CSRBA)
Notice of Claim to a Water Right Number 95-12746

Dear Ms. Brunner:

On February 26, 2018, we received a Notice of Error Reply form from Michael Brunner indicating that this claim should be recommended for four homes. As a result of this information, it was determined that the parcels shown to be serviced from the well listed on the Notice of Claim you filed in July of 2009, appear to be under new ownership. Consequently, a letter was sent to the listed owners of these parcels requesting an ownership change.

Based on this information, it was found that there is an existing water right on your property. It is numbered 95-9583 and appears to be for the same water usage that you have claimed under beneficial use claim 95-12746. The difference being that 95-12746 was claimed for three homes and stockwater usage and 95-9583 is for one home and stockwater usage. Licensed right 95-9583 also has an earlier priority date, June 7, 1971 vs May 22, 1980, which was recommended for 95-12746 due to the year built dates of the additional two homes. The owners of the other two homes have each filed a separate water right for their water usage, number 95-11631 to Francis Brunner and 95-17596 to Thomas and Sally Brunner.

This letter is to advise you that as a result of this new information, your claim number 95-12746 is now being recommended as 95-9583. The water usage is for one home and 80 head of stock and the quantity is 0.04 cfs (18 gallons per minute). I've enclosed a copy of our recommendation, and a copy of the licensed water right for your review. Please note that there is a slight difference in the water quantity between the licensed right (0.065 cfs) and the recommended right (0.04 cfs).

I'm also enclosing a copy of your claim. If you would like to change your claim to request the higher quantity, you will need to amend the claim to reflect this. Simply initial and date each change, and return to my attention by **August 2, 2018**. Also, taxlot information shows that the property is owned by Roman Brunner. Has a change in ownership occurred? Please advise, as we can only accept amended claims from the owner of the property.

If you have any questions, or if you do not agree with these changes, please call me at 208-762-2800 or by email at linda.werner@idwr.idaho.gov by August 2, 2018.

Sincerely,

Linda A. Werner
Water Resource Agent, Sr.
