RE: EVIDENCE OF PRIORITY FOR SRBA WATER RIGHT CLAIM 22-12254

Dear Claimant (s):

The Idaho Department of Water Resources is nearing the end of water rights review in Basin 23, the Swan Valley area. The Notice(s) of Claim identified with the number shown above has been filed in the Snake River Basin Adjudication (SRBA). The Notice of Claim indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Claim. The date the water was first put to beneficial use, known as the priority date, has not been confirmed by License, Decree, or Permit. For this reason, proof must be provided supporting the priority date. **As the claimant, you are responsible for submitting the necessary proof to support the priority date.**

Your claim, as referenced above, claims a Priority Date of JUNE 30, 1970, from a WELL.

It is important that each element of the Notice of Claim be verified. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have provided a printout of your Notice of Claim and the pamphlet entitled "**Evidence of Priority**". The pamphlet describes the types of evidence which are acceptable and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date**". **PLEASE READ THE ENCLOSED PAMPHLET.**

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other elements of the Notice of Claim have

Dear Mr. Alsey:

The Idaho Department of Water Resources (IDWR) is returning your claim to a water right in Madison County, along with your \$25.00 check, because of deficiencies or incompleteness. The IDWR cannot process water right claims unless they are completed correctly and submitted with the appropriate fees.

The claim form previously submitted on August 8, 1988, had the following deficient items:

- Item #2. Priority Date. The date the well was first used for the claimed purpose.
- Item #4. A complete and correct legal land description for the place of use. It appears there is a clerical error on this item, and should list the same Township and Range listed in Item #10.
- Item #9. Number of households served. It appears the number of people served rather than households was entered. Please specify.

It also appears from the information on the form that the use of the well is not for the use of a single household, but for commercial purposes or for use by employees at a business. If this is the case, this use does not qualify for the previously submitted form. A "long" form (enclosed) is required for this type of use.

Please complete the appropriate form. If the use of water is for commercial purposes, the long form must be completed, and the fee is \$50.00 plus \$100.00 dollars per cfs claimed (\$2.00 for 0.02 cfs). If the well wasn't used for the commercial purpose until after March 25, 1963, a permit to appropriate water is required rather than the enclosed adjudication claim form. You may request a permit application from the IDWR if it is needed.

The claim form previously submitted also indicates that the well is leased from the Union Pacific Railroad Company. If you haven't already checked, you may want to contact Jack L. Nelson of the Union Pacific Railroad Company, 1416 Dodge St., Omaha, Neb., (402)-272-3728, to make sure their company is not filing on the same well to avoid duplication.

Please return the necessary completed forms and appropriate filing fees to the IDWR within 30-days of the date of this letter. Failure to submit the appropriate forms and fees within this time period may result in an assessment of a late fee of an additional \$50.00 or forfeiture of your water right. If you have any further questions concerning water rights or completion of the forms, please call the IDWR.

Sincerely,

Tony Olenichak
