RE: Recommendation of Claim No: 45-487C and 45-488A

These claims are based upon a portion of 45-487 (priority 1879) and 45-488 (priority 1880) that were decreed to the same place of use in the 1942 Stoner v Wilhite decree on Dry Creek.

The two rights were decreed in the name of Stoner. At some point, the property was sold to different parties and the rights divided in the Dry Creek water master report. The rights were never formally split by IDWR, with the exception of 45-488 which was split into A and B portions in 1975 when Joe Tugaw included his portion of the right in a transfer of place of use. This split by IDWR did not address the fact that by this time several other people owned portions of decree 45-488. It also did not split 45-487 when it split 45-488.

The 1942 Stoner v Wilhite decree only re-adjudicated the most senior 985 inches of water decreed in the 1926 Bonard v Moorman decree and did not supersede any other overlapping water rights decreed within the previous 1926 decree. 48-487 & 45-488 did not identify a specific number of acres but only the forty-acre tracts that were then owned by the decree holder as the place of use. In one instance, the decree overlaps a 78 acre tract that was found in the previous decree to have been developed by a different party in 1910 (45-505), and in another place overlaps land that was documented to be recently cleared but not yet irrigated in a 1923 IDWR field exam (lic 45-2026 superseded). Despite these discrepancies, I used a 1964 aerial photo of the initial decreed place of use to determine what land was most probably developed from surface water ditches out of Dry Creek circa 1879.

Using the 1964 photo I found a total of 911 irrigated acres within the place of use decreed for 45-487 and 45-488. Of that, 662 acres are irrigated by Darrell Funk. Thirty of those acres are not owned by Funk, but are included in the recommended place of use. These lands are located in the SENESE and E½SWSE Section 36, T11S, R19E and in the S½SESW Section 31, T11S, R20E, and are described in more detail within file 45-487C.

Because actual delivery of both rights 45-487 and 45-488 had been split by the water master, I used that intent to arrive at my calculation of diversion rate for the various portions of the rights, even though the actual proportions delivered were ambiguous on the water master report. See table in file 45-487C for further information.

The recommended place of use of 45-487C and 45-488A also overlaps 45-489, 45-490, 45-494 and 45-533 for a combined total of 662 acres. With the

addition of 80 acres decreed under 45-506, a total of 742 acres are decreed for surface water. Dry Creek decrees also overlap licenses for ground water.

#2, and Lots 12, 14 and 16 of Sub-tract #4, as shown
on the official plat of Artesian City and Suburban
Tracts of record in the Recorder's Office of Twin
Falls County, State of Idaho,

a water right from Dry Creek, situated in Cassia and Twin Falls
Counties, Idaho, and its tributaries, of

45 0487 892 inches of water per second of time with
date of priority March 1, 1879, and

45 0488 53 inches of water per second of time with
date of priority March 1, 1884,

all of which water shall be applied directly or commingled with
hot water of the Artesian Water Company, as plaintiffs and their
successors shall elect, said water to be diverted at the present
point of diversion from Dry Creek in the Southwest Quarter of the
Southwest Quarter of Section Thirteen (13), Township Twelve (12)
South, Range Nineteen (19) East B.M., Cassia County, Idaho, and
Upper Jordan Dam in the Northwest Quarter of the Northeast Quarter
of Section Twelve (12), Township Twelve (12) South, Range Nineteen
(19) East B.M., Cassia County, Idaho.

V

That there is hereby awarded to plaintiff, Dry Creek
Water Company, a corporation, for use by its stockholders upon
lands situated in Twin Falls County, State of Idaho, and Cassia

MEMORANDUM

TO: Darrell Funk SRBA Claim Files and Illegal Diversion File

FROM: Corey Skinner *CS*

DATE: August 1, 1997

A45-00488 B A

SUBJECT: Relevant Information

On May 21, of this year, I met with Darrell Funk to discuss his water rights on his farm located along Dry Creek south of Murtaugh. Mr. Funk explained to me that he has tied the mainlines together into one common system over his entire farm. Mr. Funk irrigates his farm with water from Dry Creek and several wells located on the farm. I went over the current recording of Mr. Funk's water rights, and corresponding SRBA claims, and explained to Mr. Funk that they did not reflect reality. I also explained to Mr. Funk that since the changes to the irrigation system occurred after 1987, changes would have to be recorded through the water right transfer process. The transfer process would also allow Mr. Funk to record an unrecorded point of diversion from Dry Creek that he had installed in the last couple of years.

I agreed to thoroughly review Mr. Funk's water rights and prepare the necessary transfer application(s) to record the changes that Mr. Funk has made to the irrigation system. I then proceeded to review the water rights and SRBA claims that were appurtenant to Mr. Funk's property and prepared the transfer applications. I also prepared a list of issues that needed clarified and additional documentation and information that needed to be provided by Mr. Funk before the applications could be processed.

Sometime in June, Mr. Funk requested that I come out and look at some problems that some of the Dry Creek water users were having. I mentioned that it would be a good time to go over the transfer applications for Mr. Funk's property.

On June 30th, Terry Blau and I visited Mr. Funk at his farm south of Murtaugh. Terry came along to look over some stream channel alteration work on Dry Creek that Mr. Funk was working on. After looking at the stream channel work, Terry left and Mr. Funk and I proceeded to discuss the transfer applications that I prepared. I went over the transfer applications, and a 06/29/97 memo I prepared discussing the groundwater rights and groundwater SRBA claims with Mr. Funk. I also outlined some additional information that needed to be provided and a couple of issues that needed clarified. I mentioned to Mr. Funk that he may want to go over the transfers and my analysis with his attorney, and I would be willing to discuss any matters with them if needed. I encouraged Mr. Funk to get the transfer applications filed as soon as possible, so that they could be processed in a timely manner. As of this date, I have yet to hear from Mr. Funk or his attorney.
