) FOR WATER RIGHT 63-08644A

A notice of claim was filed for the above-captioned water right pursuant to I.C. § 42-1409. The Director of the State of Idaho Department of Water Resources (IDWR) examined the water system for this reporting area. The *Director's Report* contained a recommendation or abstract for the elements of this water right.

On June 18, 2007, the Wilder Irrigation District, through its attorney Albert P. Barker, filed an objection to the *Director's Report*, asserting that the source of the right should be described as wastewater. On June 26, 2008, the parties filed a *Standard Form 5 – Stipulated Elements of a Water Right* which resolved the objection. The Idaho Department of Water Resources concurred with the stipulation.

II. CONCLUSIONS OF LAW

Therefore based on the file and record herein and pursuant to the *Standard Form 5*, IT IS RECOMMENDED that water right 63-08644A be decreed with the elements as set forth in the attached *Recommendation for Partial Decree Pursuant to I.R.C.P. 54(b)*.

RE: Notice of Claim to a Water Right No. 63-8644

Dear Claimants:

The Department is preparing recommendations for claims filed in the Snake River Basin Adjudication (SRBA) in Canyon County. Upon review of the claim referenced above, we find that when the license was issued the right had been split into 63-8644A (irrigation of 4.6 acres) and 63-8644B (stockwater for 30 head range cattle). We are preparing to make recommendations of the claims and find that we must have an amended claim for 63-8644A.

The claim you originally submitted only listed the irrigation of 4.0 acres and as shown above, Right 63-8644A was issued for the irrigation of 4.6 acres. In order for us to recommend the additional 0.6 acres, we need to have the enclosed Amended Claim No. 63-8644A signed in the presence of a notary public and returned to this office at your earliest convenience. We cannot recommend a claim for more than originally claimed and the amended form will allow us to recommend the additional acreage found during the beneficial use field examination.

Please review and sign the enclosed claim form and return it to my attention on or before June 15, 2006 in the enclosed return envelope. If we don't receive the amended form by that date, we will assume you do not wish to include the 0.6 acre on your claim and will recommend the claim for the 4.0 acres that were claimed. If you have any questions regarding this matter, please do not hesitate to contact me at (208) 287-4953.

Sincerely,

KAY WALKER
Sr. Water Resource Agent
