Hi, Danna -

There's a status conference next week, so I wanted to check in.

During the last status conference (4/14/09), I think you indicated that you were planning on filing a change of ownership in a week or two for 63-8645. I haven't seen that come through, so I wanted to check in.

Also, on 63-10297 - Have you had a chance to review the NCAP to see if it resolves your objection? If it does, I think you were going to withdraw your objection to this one.

Thanks,

Ray

63-2109 – 6-9-09 Status Conference

Parties need time to determine whether this duplicates a NMID right. On site meeting/visit to site to discuss POD among the parties. BOR drafting remark concerning source issue (Mason Creek or NY Canal); If source is NY Canal, subordination to storage rights is necessary. Parties and IDWR agree that US v. Pioneer split title remark is okay, but IDWR is not prepared to agree to this (Per Garrick - parties have not been advised of this.) Status conference set for 6/9/09. Nothing for IDWR to do at this point. Gail and Bryce need additional time to negotiate source issue (NY Canal vs. Mason Creek). Next status conference set for 10/13/09 at 10:00 a.m.

Subject: RE: 63-2878

Hi Everyone,

The only person that I heard back from in response to my e-mail below was Dave Gehlert who stated that he was out of the office on June 9th. As such, I have spoken with the Court and they have agreed to reschedule the date to July 28 and Diana stated that a trial date will be set at that time. The Court is issuing an order to reset the hearing and asked me to let you know that the June 9th time has been vacated. Thanks!

Subject: 63-2878

Good Morning Everyone!

The above referenced subcase has a status conference scheduled for June 9 and I'm wondering if you have had a chance to discuss the wastewater language and come to some sort of agreement. It appears from the notes in the file that everything has been resolved except for the waste water language. And Dana was researching whether or not the US v. Pioneer type language was necessary on a right held by an irrigation district. If an agreement has been reached please let me know as soon as possible so that I can have the water agent in charge draft a new recommendation and I can begin circulating the SF5. If we are still at a stand still, I will inform the Court and see if about rescheduling the status conference if nothing new has transpired since the last status.

Thanks!
