Re: Snake River Basin Adjudication SRBA
Twin Falls

Dear Mr. Miller:

We are returning your Notice of Claims to a Water Right filed for your property in Twin Falls County. We are also enclosing Receipt #C005850 in the amount of \$76.00, for the filing fees. We are delaying processing of these claims in order to give you the opportunity to consider the following information.

On your domestic claim at Item #2 you list your priority date as June 1, 1975, and you list the source of your water as groundwater, i.e. a well. The date of priority for any use other than single family domestic use from a ground water source should have had an application for permit filed if developed after March 25, 1963. As an alternative, you may file two claims. I have enclosed forms for this purpose.

Also, on your irrigation claim, it appears that your basis of claim is permit #47-07888. However, permit #47-07888 was denied. An Application for Permit is enclosed if you wish to file another application to divert water from Deadman Gulch.

Should you wish to pursue before the Court the exact water rights you have presented on these claims, both claims need to have a notary public's verification of the signature of the claimant. This is a required element of the claim form. Please obtain the notary public's verification of your signature at the bottom of the last page of each claim.

Re: Snake River Basin Adjudication SRBA
Twin Falls

Dear Mr. Miller:

We are returning your Notice of Claims to a Water Right filed for your property in Twin Falls County. We are also enclosing Receipt #C005850 in the amount of \$76.00, for the filing fees. We are delaying processing of these claims in order to give you the opportunity to consider the following information.

On your domestic claim at Item #2 you list your priority date as June 1, 1975, and you list the source of your water as groundwater, i.e. a well. The date of priority for any use other than single family domestic use from a ground water source should have had an application for permit filed if developed after March 25, 1963. As an alternative, you may file two claims. I have enclosed forms for this purpose.

Also, on your irrigation claim, it appears that your basis of claim is permit #47-07888. However, permit #47-07888 was denied. An Application for Permit is enclosed if you wish to file another application to divert water from Deadman Gulch.

Should you wish to pursue before the Court the exact water rights you have presented on these claims, both claims need to have a notary public's verification of the signature of the claimant. This is a required element of the claim form. Please obtain the notary public's verification of your signature at the bottom of the last page of each claim.

If you wish to file the claims, please return the documents to this office to the attention of Carter Fritschle. If you will make these corrections before December 22, 1989, you will not be assessed a late filing fee.

If you wish to file one or more Applications for Permit, you may contact:

Idaho Department of Water Resources
Southern Region Office
2148 Fourth Avenue East
Twin Falls, ID 83302

In summary, you have the following options to record your waters:

For the domestic well,

- 1) complete two claims to replace the one you filed;
- 2) complete the initial claim and return it; or
- 3) file an application for permit.

For the Deadman Gulch claim,

- 1) file a new application for permit; or
- 2) file a new application for permit considering the reason for denial of the previous application before doing so.

Do not hesitate to contact this office or Southern Region if you have any questions or concerns.

Yours Truly,

Carter Fritschle

He wants to file a late claim on the surface right that Miller described on the original claim. I was told Newberry would not need a deed to file the late claim. I did tell Newberry he would need the deed for the C/O of the above claims. I suggested an affidavit from Mickey Miller, photographs, etc. for evidence of beneficial use.

He is buying the place from Miller, Mickey and Newberry wanted to know about existing claims/rights. According to Miller, via Newberry, there are surface rights out of Deadman's Gulch. On the original claim 47-14972 Miller called to 0.02 cfs from Deadman's Gulch #47-788; I could not find anything that has this number. Also, Carter Frtischle, wrote Miller in 1989 suggesting to record the claims appropriately.

I faxed Newberry the above claims w/ a C/O form.
