RE: EVIDENCE OF PRIORITY FOR SRBA WATER RIGHT CLAIM 22-11003

Dear Claimant (s):

The Idaho Department of Water Resources is nearing the end of water rights review in Basin 23, the Swan Valley area. The Notice(s) of Claim identified with the number shown above has been filed in the Snake River Basin Adjudication (SRBA). The Notice of Claim indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Claim. The date the water was first put to beneficial use, known as the priority date, has not been confirmed by License, Decree, or Permit. For this reason, proof must be provided supporting the priority date. **As the claimant, you are responsible for submitting the necessary proof to support the priority date.**

Your claim, as referenced above, claims a Priority Date of APRIL 1, 1975, from a WELL.

It is important that each element of the Notice of Claim be verified. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have provided a printout of your Notice of Claim and the pamphlet entitled "**Evidence of Priority**". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date**".

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other elements of the Notice of Claim have been or soon will be conducted by Department personnel.

SCANNED
AUG 20 2007

.....
The Department will not recommend the Notice of Claim be decreed by the court if evidence of a priority date is not submitted. The Notice of Claim will be disallowed.
.....

Please submit the documentation supporting the priority date within 30 days of the date of this letter, referencing all documents with the corresponding claim number. If you have any questions not covered by this letter or the enclosed pamphlet, please feel free to contact this office.

Respectfully submitted,

Nick L. Olson

I, Wade Ward, a neighbor farming next to the Baker Farm do make the following statement on behalf of T. Kay Baker. It concerns the beneficial use of water on the above mentioned piece of land.

I remember the Baker's irrigating the dry farm ground on the Rick's Farm above the Enterprize Canal. They watered it with hand lines, with water from their well, as early as 1968 and in later years when my father Wayne Ward rented the irrigated portion of the same farm.

Sincerely, Wade Ward

On Reviewing this fax to sent me. My son & our neighbor reminded me that it was 1968 not 1975 when we first started watering this parcel of land. We have no other evidence except this letter (inclosed) from Wade Ward. Will this be evidence enough?
