RE: SRBA Recommendation of 22-11579

Dear Mitch:

I have had to re-evaluate the recommendation for the above referenced water right recommendation due to some other water right claims I did not know about until now.

The recommendation previously sent, and approved by you, has been reduced in quantity by 0.17 cfs, which was recommended to the other claim. Basically, this has very little, if any, effect on the cities water right in that there was more water recommended than statute allows at 0.02 cfs per acre. The overage was allowed to account for ditch losses. With the other rights of this same priority being delivered at the same time the ditch losses are pro-rated to each right anyway so the net effect is zero.

Should you have questions regarding this matter please feel free to contact me.

Respectfully submitted,

Allen B. Ruberry
Sr. Water Resource Agent
Adjudication Bureau

STATE OF IDAHO
OFFICE OF THE STATE ENGINEER
CERTIFICATE OF WATER RIGHT

Transferred Right No. 226.

This is to certify that TETON VALLEY LAND COMPANY of Salt Lake City, State of Utah, has a right to the use of the waters of North Leigh Creek, for irrigation and domestic purposes, and that said right has been confirmed by decree of the District Court of the Ninth Judicial District of the State of Idaho, in and for the County of Fremont, in the case of Rexburg Irrigation Company, et al. plaintiffs, vs. Teton Irrigation Canal Company, et al. defendants, dated December 10, 1910, by J. W. Stevens, Judge, wherein 3.1 second feet of the waters of North Leigh Creek in Water District No. 340, were dedicated to the NW 1/4 Sec. 28, and SE 1/4 Sec. 29, Tp. 4 N., R. 45 E., B. M., bearing date of priority of June 1, 1896, the said decree being entered at Boise, Idaho, in the records of the State Engineer, in Volume 3 of Decrees, page 471; that upon application of the above named Teton Valley Land Company for a transfer of water right, made before the State Engineer of the State of Idaho, and after due investigation, said application having been granted by the said State Engineer, the right to use 3.1 second feet of said waters upon the lands above described is hereby abandoned, and a description of the lands to be irrigated under such right and to which the water right hereby confirmed shall by this instrument become appurtenant, for irrigation and domestic purposes, is shown in the following table, limited at any given time to an amount actually needed and beneficially used for said purposes, and shall not exceed the following amount:

3.1 second feet, dated June 1, 1896.

Sec.	1/4	1/2	3/4	1/4	1/2	3/4	1/4	1/2	3/4	1/4	1/2	3/4	Total
28	48	48	29				48	48					80
29													80
													160

The right to the use of the waters aforesaid, hereby confirmed, is restricted to the lands or places of use herein described, as provided by the laws of Idaho.

No right to the use of water on the lands herein named exists at the date of this certificate, except as herein stated.

WITNESSE the seal and signature of the State Engineer of the State of Idaho, affixed at Boise, Idaho, this 10th day of November, 1918.

RE: Transfer of Water Right No. 226

Mr. Dwight C. Stone
Teton County Recorder
Court House
Driggs, Idaho

Dear Mr. Stone:

We wish to state that the records in this department recording transferred water right No. 226 on the waters of North Leigh Creek definitely state that the water was transferred to the $W\frac{1}{2}$ SW $\frac{1}{4}$ Sec. 28 and $W\frac{1}{2}$ SE $\frac{1}{4}$ Section 29 Township 6 North, Range 45 East. Apparently a typographical error was made by our typist while transcribing the copy of said transfer from the record sheet.

W2SW Sec. 28
W2SE Sec. 29

We regret this error and we wish that you would change the same on your copy of The Certificate from the $W\frac{1}{2}$ of the NW $\frac{1}{4}$ Section 28 to the $W\frac{1}{2}$ of the SW $\frac{1}{4}$ of Section 28.

W2NW Sec. 28
W2SW Sec. 28

Very truly yours,

MARK R. KULP

Department of Reclamation

August 23, 1956

Department of Reclamation
Boise
Idaho

Gentlemen:

Reference is made to transferred Water Right #226 on the waters of the North Leigh Creek. Earlier we requested from your office a copy of said transfer for recording purposes in the county. A few days ago we received said copy and appreciate your efforts along that line. However, there seems to exist a discrepancy in copies of said Transfer #226 and we would appreciate very much that this matter may be cleared properly. Our copy which you sent us shows water was transferred to the $W\frac{1}{2}NW\frac{1}{4}$ Section 28, and the $W\frac{1}{2}SE\frac{1}{4}$ Section 29, 6 North Range 45. Apparently the Deputy Water Master of district 36 also obtained from your office a map platting the area to which water had been transferred. The map agrees with the description shown on the copy which you prepared for us. However, in the meantime the Deputy Water Master obtained from the District 36 office in Idaho Falls, a copy of Transfer #226 which showed the water was transferred to the $W\frac{1}{2}SW\frac{1}{4}$ of Section 28. Thus this description differs from that shown on the copy which we have and also the platted map.

We shall greatly appreciate a close examination of the records in order that this discrepancy in descriptions may be clarified.

Very truly yours,

Teton County Recorder

ASSISTANT ATTORNEY, IDAHO AND WYOMING

T. J. HARRINGTON,
ASSISTANT ATTORNEY, MONTANA

Pocatello, Idaho, Sept. 9, 1918.

....Teton Valley Land Company.....

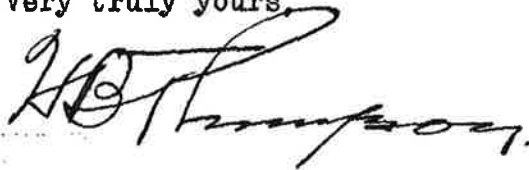

State Engineer,
Boise, Idaho.

Dear Sir:

In August, 1917, John Pingree, on behalf of the Teton Valley Land Company, made application to change the place of use of water from the E $\frac{1}{2}$ SE $\frac{1}{4}$ Sec. 29 to the W $\frac{1}{2}$ SE $\frac{1}{4}$ Sec. 29, T. 6 N. R. 45 E. B. M. and under date of August 6, 1917, I have advice from the State Engineer that the same had been advertised and to proceed in due form, and thereafter I was advised by your office that no objections had been filed and that an order would probably be made in the near future. It is now desired to transfer this land and I would be obliged if you will advise me what order was made in the premises, and if the transfer has been made, as I assume it has, to furnish me with a certificate of transfer.

Very truly yours

Tetonia, ID 83452

Gentlemen:

Our records show you have filed your adjudication claim(s) in the Snake River Basin Adjudication. Our records do not, however, include a clear map of your service area. Would it be possible for us to get a map of your customer service area for your municipal water system, both to supplement the record of your claim(s) and for use as described below?

In our review and investigation phase of the Snake River Basin Adjudication, the map would be helpful for us to have this information in verifying individual claims to water rights for domestic purposes. We will be happy to discuss with you the most convenient way for you to provide this information to us. I can be reached at 327-7931 or you may contact my assistant, Anita Warntjes at 327-7986.

Your assistance in this matter is greatly appreciated.

Sincerely,

DAVID B. SHAW

Dear Sirs:

I can verify that the Tetonia City decree has been delivered for the last ten years, at least. Water from this decree has been used on the entire city, both Sec. 28 and Sec. 29.

The source of this water is Spring Creek and the Tetonia Canal is the means of diversion.

yours truly,
Deed Brien
Deputy Watermaster
