22-12007 and 22-12006 are decess
which together cover 320 undescribed acres.
Because they are undescribed and there are
no competing claims I will assume they
were always used on this land specially because
the source is "Swamp". Claimant owns
80 acres of decessed right 22-64K which
gives him .017 cfs/acre for that 80 acres (1.37 cfs).
Claimant owns the decessed POV for 22-169,
But only claims 1.006 cfs. 22-169B claims
the other cfs. I am assuming that water was sold
and that Chambers then spread the water liner on
the 80 he owns. ~~not giving the claim a COS~~
~~can't be~~ All of these claims add up to a
total of 480 acres for a permissible pov
So no enlargement seems to be needed each
claim will get a KOG condition reflecting
their allotted acres.
