Claimant does own 100 shares of Central Teton Canal Co stock.

A list of total shares shows that this represents less than 10% of the total shares.

He is claiming the entire decree for the Central Teton Canal Co. to irrigate 14.5 acres. The other shareholders will probably object.

RE: Returned Water Right Claim

Dear Mr. Christensen:

The Idaho Department of Water Resources (IDWR) is returning your check #190 and water right claims, sent 10/06/88, because of insufficient fees. The irrigation claim filing fee is \$50.00 per claim plus \$1.00 per irrigated acre.

There were three irrigation claims submitted (\$150.00) for a total of 47.5 acres (\$47.50). The total filing fee for the three claims is \$197.50. Apparently, you submitted a check for the acreage fee and only \$50.00 for all three claims.

Please return the claims along with the \$197.50 filing fee to the IDWR within 30 days of the date of this letter. Failure to submit the claims and appropriate fees before this 30-day period may result in forfeiture of your water right or an assessment of a late-fee. If you have any questions, please call the IDWR at 1-525-7161.

Sincerely,

Tony Olenichak
