Need to compare this claim with A2204001

I noticed that this claim's NENE of section 25 (23.0 Acres) overlaps with claim # A2204001's NENE of section 23 (31.0 Acres)

Basically it appears we have two different owners claiming large acreages of the same Q2.

A branch of Grand Teton Canal runs side by side to the Price Fairbanks Canal all the way through Sec 25, NE 1/4.

There are some ditches that go out north but they seem to come from the Grand Teton Canal. Claimant doesn't indicate ownership of any shares of Grand Teton Canal.

I am not certain exactly what ground is claimed.

Claimant claims 160" of water for 33 acres.

RE: Returned Water Right Claim

Dear Mr. Christensen:

The Idaho Department of Water Resources (IDWR) is returning your check #190 and water right claims, sent 10/06/88, because of insufficient fees. The irrigation claim filing fee is \$50.00 per claim plus \$1.00 per irrigated acre.

There were three irrigation claims submitted (\$150.00) for a total of 47.5 acres (\$47.50). The total filing fee for the three claims is \$197.50. Apparently, you submitted a check for the acreage fee and only \$50.00 for all three claims.

Please return the claims along with the \$197.50 filing fee to the IDWR within 30 days of the date of this letter. Failure to submit the claims and appropriate fees before this 30-day period may result in forfeiture of your water right or an assessment of a late-fee. If you have any questions, please call the IDWR at 1-525-7161.

Sincerely,

Tony Olenichak
