Re claim # 22-12893

I purchased this property in 1983 from Mr. Del May who had owned the property for at least 10-15 years when he acquired the property he put in the IRRIGATION ditch to feed his stock watering and general use pond.

I have no idea where to locate Mr May or if he is still alive.

I do believe 1968 is the correct year for the IRRIGATION ditch as when we arrived in 1983 it had obviously been there for quite some time.

Thank You

RE: EVIDENCE OF PRIORITY FOR SRBA WATER RIGHT CLAIM 22-12893

Dear Claimant (s):

The Idaho Department of Water Resources is nearing the end of water rights review in Basin 22, the Teton River drainage. The Notice(s) of Claim identified with the number shown above has been filed in the Snake River Basin Adjudication (SRBA). The Notice of Claim indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Claim. The date the water was first put to beneficial use, known as the priority date, has not been confirmed by License, Decree, or Permit. For this reason, proof must be provided supporting the priority date. **As the claimant, you are responsible for submitting the necessary proof to support the priority date.**

Your claim, as referenced above, claims a Priority Date of JUN 12 1968, from TRAIL CREEK.

It is important that each element of the Notice of Claim be verified. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have provided a printout of your Notice of Claim and the pamphlet entitled "**Evidence of Priority**". The pamphlet describes the types of evidence which are acceptable and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date**". **PLEASE READ THE ENCLOSED PAMPHLET.**

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other elements of the Notice of Claim have been or soon will be conducted by Department personnel.

.....
The Department will not recommend the Notice of Claim be decreed by the court if evidence of a priority date is not submitted. The Notice of Claim will be disallowed.
.....

Please submit documentation supporting the priority date within 30 days of the date of this letter, referencing all documents with the corresponding claim number. If you have any questions not covered by this letter or the enclosed pamphlet, please feel free to contact this office.

Respectfully submitted,

Allen B. Ruberry

RE: NOTICE OF CLAIM

Dear Mr. Leibler:

This office will initiate procedures for refunding the filing fee paid in conjunction with the Notice of Claim form you submitted for the Snake River Basin Adjudication (SRBA). The refund will be sent to you from our State Office in Boise, Idaho.

On June 27, 1991, this office sent a letter advising that action by you was needed before your Notice could be processed. The 30-day time period provided for completing this task has expired, without the Notice being returned.

The effect of this action will be to remove this Notice from the Department's records. Should you decide to refile this Notice once the refund has been issued, the new filing will be subject to a late fee of \$50.00 or 15% of the filing fees, which ever is greater, on a per claim basis.

I will keep your Notice of Claim in my office for 5 working days. If we have not heard from you, the refund process will be initiated by the State office.

Of course, if you have any questions, please feel free to contact this office at 525-7161.

RE: NOTICE OF CLAIM

Dear Mr. Leibler:

After speaking with you today on the phone, I discussed your Notice with one of our agents, Greg Taylor.

Since your priority date is before May 20, 1971, the correct procedure is to file a Beneficial Use Claim for irrigation of the three acres. An Application for Permit would have been correct if your priority date was after May 20, 1971. I have enclosed the form for your use in this matter. I am returning a "copy" of your original Notice to aide you in filling out the irrigation form. I will hold the original Notice you filed in 1988 in my file until I hear from you.

The form you originally filled out is limited to domestic and stockwater uses associated with a home or any uses not exceeding 2500 gallons per day.

Please complete the enclosed form, sign it, having your signature notarized and return it to this office to my attention.

In Item #2, please estimate a month and day to complete the priority date.

Use the instruction booklet enclosed to determine the correct amount of cfs in Item #6 for the amount of acres you are irrigating. In Item #9, if there are no other uses of the water other than irrigating the land, please indicate "none" on this line.

The filing fee is \$50.00, plus \$1.00 for each acre irrigated. If you are irrigating three acres, the fee will be \$53.00. Taking into account the \$25.00 already paid, simply submit a check or money order for the balance due (\$28.00).
