FROM: PAM SKAGGS/STATE OFFICE

SUBJECT: TRANSFER 4901

DATE: December 4, 1997

=====

Transfer 4901 adds points of diversion and changes the place of use under all of Rights 63-07005/07042/08130/07053/07055C/07064A/09243/09359/07055D/07064B and a portion of Rights 63-07078/07755, splitting each right into parts A and B. The transfer creates a single combined system with seven (7) wells and a permissible place of use of 2268 irrigated acres.

Region review confirmed the use of these rights and the irrigated acres. Some adjustments to recommendations were made upon further evaluation. (See land attachment for Acre overlap and Water Right overlap table attached.)

The total authorized irrigated acres under this transfer approval was adjusted from 2258 to 2268 acres identified under the permissible place of use. The city purchased a portion of Right 63-07042 with land a portion without land. Of the 160 acres of water right purchased by the city without land, 150 acres will overlap and supplement other transferred rights and 10 acres will provide primary use for the 10 acres found to be in excess of the licensed acres. (2502 Licensed acres - 234 Overlapping acres = 2268 Irrigated acres.)

Right 63-07078 was licensed with a point of diversion overlap limit when combined with Right 63-07053. Right 63-07078 was split by the transfer using the rate available above the original right and removing the need to continue the overlap condition on the portion of the right no longer part of the same system.

Season of use and diversion volume were adjusted to current standards. Recommended conditions include permissible place of use, overlapping limits, multiple points of diversion/measuring devices, annual reporting, irrigation overlap and standard transfer conditions.

INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Section 42-1409(7), Idaho Code. This statute provides that new property owners notify the Department of Water Resources (IDWR) of any change in ownership of a water right during an adjudication of water rights, and if a claim for the water right has not been filed to file the needed claim(s).

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. If you would like any of these brochures or if you have questions about completing this form please contact your nearest office of IDWR or you may call 1-800-451-4129 (toll-free).

The first line of the form asks for the date of closing so IDWR will have a record of the effective date of the property transfer.

The second line of information requires the legal description of the property being transferred. This information is **ESSENTIAL** and should be available from the documents that will be present at the time of closing. The first two lines of the legal description **MUST** be completed. IDWR's records are based upon legal descriptions using township, range, section and fractions of a section descriptions, and this information must be included on the form. If you also have available a legal description based upon a townsite or subdivision and lot and block number, please also include this additional information. A lot and block legal description is **NOT** a substitute for the township, range, section and fraction of a section description.

After completing the legal description, if all water is supplied by a public service water supply you may check the first box; complete the name, address and telephone information for yourself; the new owner; sign the form in the space provided and return the form to the IDWR office nearest you.

If there are water rights associated with the property, the seller should be able to provide you with the water right number(s). The water right number(s) for the property are to be put in the space provided at the second box on the form. If you or the seller believe there are water rights for the property but the numbers are unknown, then you may wish to call or come into an office of IDWR for assistance in identifying the water rights for the property involved. If claims for the property have not been filed you will be so advised by IDWR.

After the water right number(s) for the property has been entered on the form, complete the name and address information for **BOTH** the former owner/seller and for yourself, the new owner, in the spaces provided. Please also include your telephone number. If the property you have purchased is only part of the property owned by the former owner/seller, you may be purchasing only part of the total water right held by the seller. This means the water right held by the seller must be split so you get your proportionate share of the water right. Be sure to include a description of the portion of the water right you have purchased. The seller should be able to help you describe the portion of the water right for the property you have purchased.

If the former owner/seller will sign the form and the seller is shown as the claimant of the water right in IDWR's records, then you do not need to attach proof of ownership of the land or the water right. The seller should know if the original claim was filed by him, or if the seller has filed a change in ownership so the seller is shown as the claimant of the water right in IDWR's records. If the seller is not going to sign the form then you must attach some proof of ownership of the property described at the top of the form or proof of ownership referencing the specific water right(s) for the property.

The new owner must sign the form in the space provided. If the former owner/seller is available to sign the form please do so in the space provided.

When complete, the new owner and the former owner/seller should each retain one of the copies and return the original of the form to IDWR. You may return the form to the IDWR office nearest you or to: Idaho Department of Water Resources, Statehouse Mail, Boise, ID 83720-9000, Attention: Adjudication Bureau.

Dear Ms. Buffington:

Please find the attached Notices of Change of Water Right Ownership. These forms do not indicate any changes in the City of Boise's ownership, but request changes to how the City of Boise is listed as owner on its claims. Our intent is to have all the City's claims listed under the same format: City of Boise, followed by the managing Department and address.

Hopefully the forms are completed to your satisfaction. There are three forms and accompanying lists of water rights; one each managing department within the City of Boise. Also included is a list of Department heads as requested in item 7 on the Notice. If you have any questions please give me a call at 384-3984.

Dear Sirs:

This office has received and processed Change in Ownership forms for the above referenced claims. The claims referenced as "Notices of Claim to a Water Right" have been changed to reflect the new ownership. Copies of those claims are enclosed.

The claims referenced above as "Original Claim No" were split by the change in ownership. The number of acres and corresponding amount of water for each claim are based on the warranty deed submitted to this office by the City of Boise. The claims were renumbered by adding an alpha suffix to each portion of each split claim. Copies of the claims which represent your portion of the original claim are enclosed. Please reference the new claim number when corresponding with IDWR.

These claims represent the water rights as filed in the Snake River Basin Adjudication (SRBA). The claims may not represent the water right as licensed. Any discrepancies between the licensed water right and the water right as claimed in the SRBA will require documentation of the date of change.

Ms. Cody has indicated to this office that the City of Boise may consolidate the water delivery system on this parcel. We discussed the Application for Transfer process at that time; please be advised that the water rights in the Application for Transfer will be reviewed as they have been described by their respective licenses.

If you have any questions about the changes in ownership or any aspect of your water rights, please do not hesitate to contact this office.

Sincerely,

Maria Minicucci
