On August 2, 2018, the Director of the Idaho Department of Water Resources ("Department") filed his *Director's Report Basin 95, Part 1*. The *Director's Report* included a recommendation for the above-captioned claim. Then, on September 12, 2018, the Director filed an *Amended Director's Report* for the claim. The Department recommends that the objection deadline for the *Amended Director's Report* be set as April 30, 2019, as opposed to the default 21 day objection deadline for an amended director's report. The recommendation is based on the fact that the objection deadline for the *Director's Report Basin 95, Part 1* is April 30, 2019.¹

Under *CSRBA Administrative Order 1, Rules of Procedure* § 5 the Court may order an objection deadline for an amended director's report that differs from the 21 day default deadline. The Court chooses to do so here to conform the objection deadline for the *Amended Director's Report* with the objection deadline for all other claims contained in the *Director's Report Basin 95, Part 1*.

Therefore, IT IS ORDERED that any party wishing to file an objection to the *Amended Director's Report* must do so by filing an objection on or before April 30, 2019.

¹ In this sentence the original *Order* incorrectly stated that the objection deadline for the *Director's Report Basin 95, Part 1* was "August 30, 2019" when it should have stated April 30, 2019. The Court issues this *Amended Order* solely to fix that clerical mistake.

IT IS FURTHER ORDERED that any party wishing to file a response to an objection must do so on or before July 1, 2019.
