1935 My Family Bought 44 Acres
in Swede Bay with The Lindsay Family.
In the mid 50's They Took Approx 2 Acres
out of The original land For Each Family
Home. My Father had a water system installed
out of the lake For Domestic use and
Fire protection. This Was Done in the late
30's when The REA Brought Power To
The Area. The Joint ownership of
Each others Home speaks To the Friendship
of the Matthews and Lindsay Family's
