Dear Claimant:

The Department of Water Resources is conducting beneficial use and water right claim verification examinations in your area. Once the claim verification is made, your water rights will be recommended for decree by Judge Hurlbutt in the Fifth District Court. The recommendations will be based on our findings in the field.

Information on your claims that may need to be verified includes source of water, uses and amounts, legal descriptions of your point(s) of diversion, place of use and in some cases documentation verifying the date of priority as claimed in the Snake River Basin Adjudication. Some of your claims may only need a small amount of verification if there are no changes in the manner in which they were previously documented and examined in accordance with the State's permitting, licensing and/or decree process.

Although it is not mandatory that you accompany me, should questions arise during the exam, it would be most helpful for yourself or a knowledgeable representative to be available for a short time during the field exam. This would help speed up our findings and help collect information for your right to be recommended to the court.

Please contact me to schedule a time to complete the field examination. If you have any questions regarding this letter, or prior to scheduling, please call me at (208)334-2190.

Sincerely,

Dear Mr. Neider;

As a result of our office visit on Tuesday, December 13, 1994, I have completed the separation of the licensed water rights which were combined in one SRBA claim numbered A63-23996.

Portions of the property you own are included in two separate water right licenses. These licensed rights are numbered A63-03276 and A63-07647. Your portion of the lands are now represented under claim numbers A63-03276A and A63-07647A. The remaining properties represented by these licenses are owned by either Davenport, Johnson, the Christensens and/or the Arizona entity. Consequently, a portion of the above licensed rights have also been split to the appropriate landowner. Example: A63-03276B to Gansport for the acreage they own.

Enclosed are Notices of Claim to a Water Right numbers A63-03276A and A63-07647A. Please review these claims for accuracy, sign them, have them notarized and return to my attention. There is also an additional fee for the extra claim. This amounts to \$50.00 which is the flat rate required for irrigation claims. No variable fee is required as the acreage has already been paid for.

Please submit this within 30 days of the date of this letter. Be sure to contact me if you have any questions.

Sincerely,

Linda A. Werner
